

STUDENT-CENTERED LEARNING

Laptops deliver reliable access for enhanced learning in the Fairfield-Suisun Unified School District

CONSISTENT CONNECTIVITY

CHALLENGE

Make technology access a basic human right for the district's K12 students.

STRATEGY

Pair robust laptops with flexible bring-your-own-device policies.

SOLUTION

HP* laptops and Chromebooks* with Intel® processors, Intel® Dual-Band Wireless AC-7260 adapters, Google Chrome* OS.

RESULTS

Student-centered learning and better teacher productivity with a powerful new mobile platform.

ENGAGED STUDENTS

"Technology gives students this wonderful ability to connect with other people. When our parents and communities see the level of work our kids are doing, they can see how Common Core is having a positive impact and bringing our kids to a much higher level of thinking...It's not about the technology, but about what the technology makes possible."*

—Tim Goree,
Director of Technology Support Services,
Fairfield-Suisun Unified School District
